Dear sir/Mrs.

RE: APPLICATION FOR INTERNSHIP

I am writing to express my interest in statistics docket as an intern with a bachelor's degree in applied statistics with computing from Moi University, coupled with proficient skills in data analysis, visualization and interpretation using python, R, SPSS and STATA, I am also passionate to help others acquire adequate knowledge in statistics. I am excited to contribute to your team.

During my academic tenure, I developed a robust foundation in statistical methodologies and computational techniques, which I have applied both in academic settings and personal endeavors. My proficiency in data analysis tools and languages enables me to derive actionable insights from complex datasets efficiently.

Adequate skills in communication and collaboration allow me to effectively convey insights to stakeholders and work collaboratively within interdisciplinary teams. My dedication to precision and detail, coupled with my proactive problem-solving skills, ensures the accuracy and reliability of my analysis.

I have attached my resume for your consideration, which further outlines my qualifications and experiences. Additionally, you can find examples of my work in my portfolio <https://github.com/Okalo123/simple-project>.

Thank you for considering my application. I am enthusiastic about the opportunity to discuss how my background, skills, and passion for data analysis. I am available at your earliest convenience for an interview and can be reached at 0796669433 or via email at chriscpinebux@gmail.com

Yours sincerely

Chrispine Buxtone Ooko
